

Weeping Blue Atlas Cedar

Cedrus atlantica glauca 'Pendula'

Height: 8-10'

Width: 6-8'*

Hardiness: Zone 6

Sun: Full sun

Soil: Well drained

Habit: Pendulous, irregular

Foliage: Silvery blue needles borne in clusters

Tolerance: Will tolerate heavy but not poorly drained soils. Does well in hot, humid climates.

Comments: Specimen, or focal point plant. Can be staked or trained as an espalier.
