

# Horstmann Blue Atlas Cedar

*Cedrus atlantica 'Horstmann'*

**Height:** 8-10'

**Width:** 5-6'

**Hardiness:** Zone 6

**Sun:** Full sun

**Soil:** Well drained

**Habit:** Pyramidal, slightly irregular

**Foliage:** Silvery blue needles borne in clusters

**Tolerance:** Will tolerate heavy but not poorly drained soils. Does well in hot, humid climates.

**Comments:** A compact, slow growing form of Blue Atlas Cedar. An ideal selection for most home landscapes.
